

Lizerna RS

Liquid rice starch

- Properties:**
- suitable for all kind of fibres
 - even applicable for coloured textiles
 - can be pumped

Application: Lizerna RS is a stabilized, liquid rice starch. By chosen dispersion agents the product does not sediment and can be pumped. By extremely fine dispersion Lizerna RS can be dissolved in the liquor very fast and it moves onto the fibre within the shortest period. The fine dispersion prevents the typical cloud effect on coloured textiles.

The dosage depends on the requested stiffness and on the textiles:

Table clothes: 15 ml/kg (2.30 fl.oz/10 lbs)

Coats: 10 ml/kg (1.53 fl.oz/10 lbs)

Shirts: 8 ml/kg (1.23 fl.oz/10 lbs)

Technical Data

Density 20 °C (68 °F)	1.10 - 1.20 g/ml
pH-value	6.5 - 7.5

Hints:

Storage

After partial taking out close the packing unit tightly again. Protect from longer freezing periods. The product can be stored for at least 12 months in its original sealed packing.
